

PoliLam

As you journey with us through the pages of our collection, we want our passion for design, interiors, and life to resonate and inspire. At PoliLam, we recognize that our surroundings have the power to energize, to motivate, to calm, and to comfort us. We understand that the only approach to true design is to get out into the world and experience it for ourselves.

The world—including the world of laminates—is changing. At PoliLam, we strive to be innovators in our industry. We create a quality and design-driven product, with as little environmental impact as possible. We take pride in carefully researching and selecting each of our exclusive designs. We marvel at nature's wonders, and we recreate what we see without diminishing it.

At the core of our philosophy is a focus on three things: the importance of color to generate emotion; the importance of texture to emphasize quality; and the importance of culture to bring it all together.

Color. Texture. Culture.

*Interiors meet **ACE Surfaces**[™]* *Just Touch It*

Bring Nano Tech to Your Surface

We introduce electron beam technology for one simple reason: to reduce life's trivial strains to improve our end-users' quality of life.

Whether used for light or heavy use, **ACE Surfaces**[™] are engineered to leave no trace. **ACE Surfaces**[™] invite you to experience a high quality life.

Appealing to the senses, **ACE Surfaces**[™] captivate with bold designs and a touch that is as smooth as baby soft skin.

ACE Surfaces[™] are the surfaces of the age. Their fingerprint resistance makes cleaning a breeze. Most importantly, low formaldehyde emissions contribute to a healthy lifestyle for ourselves and the environment.

What fire does not destroy, it hardens.
Oscar Wilde

LAVA Board

All designs marked with our () icon are applicable for LAVA Board.

Additional Safety for Interiors

Our LAVA Board has a Class A fire rating. It guarantees to protect your interiors from one of nature's most destructive elements.

In addition to LAVA Board's certified safety features, our collection emphasizes sleek, practical, and contemporary design. Our non-combustible, fireproof wall panel is the perfect solution for those spaces that need it most: hospitals, schools, restaurants, and more.

A wise man would never underestimate the power of Mother Nature.
